## Owner's View

First bought the property in 2010, as a two bed roomed detached bungalow. In 2019 we converted the loft space adding 2 further bedrooms, a bathroom, and storage space. We extended the lower rear of the bungalow, to accommodate a large kitchen, living dining space, which has been great for entertaining family and friends. Our garden is low maintenance, with artificial grass, and an Indian sand stone large patio area, leading from the kitchen to the bar! Again we've spent many nights entertaining family and friends. Our garden is also a quiet and private outdoor space, even though we are on a main road. We also converted the existing garage into a hair and beauty salon. This would also make a great office space, granny annex or teenage bedroom. We absolutely love this house, however due to only two of us now living here, we are looking to down size.
