Description

Built in 1903 and situated in the heart of Battle's conservation area, this attractive red brick built bay fronted property enjoys characterful accommodation arranged over three floors. Although the property is now in need of modernisation it retains many features you would expect to find in a property of its era such as sash windows and feature fireplaces in most principle rooms. There is a sitting room, a comfortable dining room and a kitchen with larder on the ground floor. To the first floor is a generous double bedroom along with a comfortable family bathroom. On the second floor are two single bedrooms. From the first and second floors one can appreciate far reaching views across adjoining countryside, St Mary's Church and Battle Abbey. A particular feature of the property is the beautifully manicured garden which is of a generous size, something seldom found in the centre of the town.

The property is situated a short distance of Battle High Street which offers a good range of independently owned shops, pubs and restaurants as well as a doctors surgery, dentist and veterinary centre all within a short walk of the property. Battle also has a library and Jempsons supermarket as well as a mainline station with services to London Charing Cross and to the coast at Hastings and St Leonards. The property is also within walking distance of schooling, comprehensive and private at primary and secondary levels. A more comprehensive range of amenities can be found at nearby Hastings and St Leonards which offers most High Street shops and supermarkets. The area is generally well served for recreational facilities, areas of Outstanding Natural Beauty and places of historical interest.

Agents Note: As with a lot of terraced properties in Battle, there is a Right of Access through the rear for all properties in this terrace.

Directions

Travelling north on Battle High Street, turn right onto Mount Street. Shortly after the entrance to the carpark on the right hand side the property will be seen on the right hand side, immediately adjacent to the opticians.
