4 Bedroom Semi-Detached House

£800,000 Freehold

A very special property steeped in both British historical & cultural significance! Hinxworth Place is a Grade 2* listed, five bedroom semi-detached medieval manor house located on the fringes of the village of Hinxworth, Hertfordshire. The house dates back to the 13th Century and with much of its original features retained, this is a true piece of local history. Most recently the property has been the home and work place of the late great John W. Mills, a world renowned Sculptor who's many notable works can be found around London, Cambridge, Kent and Bedford and as far afield as South Carolina, Massachusetts, Michigan USA and Buenos Aires, Argentina! With an abundance of potential for re-modelling / development subject to the necessary consents, this can only be described as a 'once in a lifetime' opportunity to acquire a true relic of British history and to become part of the cultural legacy of the home & workplace of one of Britain's greatest artists.
