Property Description

The home sits on Leigh Lane, south of the popular development of The Vineries and provides a semi-rural position with views across adjoining fields and beyond. The accommodation comprises an open plan living and dining room, a modern fitted kitchen and open plan breakfast area with adjoining garden room, study, separate utility and shower room to the ground floor and there are three bedrooms and a family bathroom to the first floor. A planning permission has seen the loft space converted into a further double bedroom which occupies the entire second floor. The home has been double glazed throughout and benefits from gas fired heating. Furthermore, the current owners have tastefully styled the accommodation and the living spaces offer a versatility that would suit a wide variety of purchasers.

Gardens and Grounds

The front garden is primarily laid to a brick block driveway and is suited to three vehicles. There is a selection of decorative flower beds and a pair of wooden double doors providing access to the attached single garage, with EV Charge Point. The driveway leads to the left hand side of the garage where there are a pair of wooden garden gates which denote access to the rear garden. Immediately beyond the gates there is an area of hard standing, ideal for vehicle storage, and this paved area extends across the rear of the home providing a paved patio which spans the entire rear elevation. From this patio a wood built garden office can be found which has been split and offers work space, as well as garden storage. A low retaining wall and steps lead up to a kept lawn with an assortment of kept flower beds and shrubs. The garden gives access to the garden studio, which spans the rear elevation, and is made of wood construction and can be used for a wide variety of purposes. The rear garden is a little over 130ft in length and has a north westerly aspect.
