Description

A beautifully presented modern detached house situated in a corner plot within a select private road development on the outskirts of popular Horsley. This location allows for easy access to the well regarded local school and community shop, with the shops and amenities of Nailsworth within easy reach and country walks on the doorstep. The property was built in 2018 by award winning developer Edenstone Homes using traditional methods, with well appointed accommodation arranged over two floors. It is immediately obvious that the current owner has taken time and care over the presentation of their home, with lovely décor highlighting the high quality fittings, many of which were exclusively selected at extra cost when the property was built. A handsome porch, entrance hall, cloakroom/W.c, superb sitting room with a fireplace and high ceiling that opens into the eaves, dining room, 27' kitchen/family room with bi-fold doors that open on to the garden and utility room are on the ground floor. This living area is larger than one would find in many four bedroom homes; a light, spacious living environment that flows and connects really well. A staircase leads up from the hall to the first floor, with a landing, principal suite with double bedroom, dressing area and en suite shower room, family bathroom and two further double bedrooms on this level. A simply superb house that is an absolute must for your viewing list.

Outside

The property benefits from a corner plot garden, a double garage and plenty of parking. The double garage is attached to the property, with two separate doors, power and light and measures 21'7 x 19'4. The drive is to the front of this, with side by side parking. A path leads to the front door, with raised planting, and this area overlooks an open area of green space to the front of the house, owned by the Sealey Wood Lane Community. The majority of the garden is to the rear of the house, and this large corner plot garden is laid to lawn, with a paved sitting area immediately behind the house and a screened storage area and a gated side access. This large garden is defined by fencing and a Cotswold stone wall, with mature, established trees and planting.
