Rocque Poisson | St Pierre du Bois | Guernsey | GY79HW

This detached bungalow sits on a large plot in a highly desirable coastal location and boasts impressive views from the front rooms while also having beaches on the doorstep and the Rocquaine amenities within walking distance. This family home is habitable but is in need of modernisation and upgrading throughout.

Accommodation comprises large lounge/diner, kitchen, three bedrooms, a shower room and a utility area. The property benefits from a large garage/workshop which is connected to the house and has full power and lighting. This could be developed to form part of the main house or there is the potential to create a wing for a dependant relative. There are various other possibilities for development owing to the attic space and the size of the plot, although nothing has been investigated at this stage. The rear garden is private, predominantly laid to lawn, with a patio area and a detached greenhouse, which is in excellent condition. The gravel driveway to the front provides parking for a number of vehicles.
