Property Summary

A superbly positioned top floor apartment with sea views and generous accommodation in the heart of Sandbanks with direct access to sandy beaches via the Midway Path. The property has a unique layout which sets it apart from many other 'more traditional' apartments in the area as the accommodation was designed to maximise the orientation of the sun and the water views from the living room, main bedroom and balcony. Ideal as either a second home or permanent residence and being one of only four others in this wing of the small development, we feel this apartment truly offers something quite special.

About the Property

On entering the property, you are immediately impressed by the sense of space and light with a line sight that extends the entire length of the property. The living/dining room is a 'quirky' shape, but it's a shape that works incredibly well. There's a perfect area for a good-sized dining table and this gives clear definition to the living area which is ideally located for the water views and access to the balcony. The kitchen/breakfast room is fitted with a comprehensive range of units and appliances and there's also a breakfast bar for casual dining.

The main bedroom has a full bank of fitted wardrobes, sea views and a private ensuite shower room with a double shower and external window. The second bedroom is a more than comfortable double and is serviced by a full-size bathroom.

A feature we really like about this apartment is the positioning in the right-hand wing of the development. Not only does this give a feeling of exclusivity being one of only five apartments in this section but it also provides a lovely outlook over the beautifully manicured gardens. There's a garage with an electric door and further allocated underground parking.

We feel this a great opportunity for buyers wanting not only an exclusive address with sea views and access to the beach, but also a property that offers a refreshing departure from more traditionally arranged apartments. It's an overused phrase in our industry BUT – it really has got to be seen to appreciate what sets it apart...!
