Description

This attractive Grade II Listed end of terrace period cottage presents brick and tile hung elevations below a tiled roof with the benefit of larger than average garden, off-road parking and a garage. Whilst requiring general modernisation the property retains a great deal of character with exposed timbers, latch doors and period fireplaces. The accommodation is laid out over two floors with two reception rooms, kitchen, downstairs wc and lean-to conservatory whilst to the first floor are two good size bedrooms and a first floor bathroom. In addition a pull down ladder gives access to a large loft space. Outside the delightful cottage gardens are established and well planted incorporating a kitchen garden area, they also have a vehicular Right of Way to private parking and a garage. The whole is in need of general improvement but offers excellent potential to acquire a delightful cottage within the popular village and within close distance of the mainline railway station.

NOTE: We are advised there is a flying freehold above the kitchen and a Right of Way through the gate to the adjoining cottages.
