Principal Residence

The spectacular reception hall sets the tone for this wonderful home with, at its centre, the beautiful French polished turning staircase leading to the galleried landing above. A Chesneys fireplace and elegant tiled floor by Artisans of Devizes exude a welcoming sense of calmness. This feel has been expertly continued through the entire house with high ceilings and elegant flooring being a common feature. The main living room includes a fireplace at its heart and a deep bay with French doors leading to the principal gardens. The adjacent sitting room is currently used as a snooker/pool room, with fireplace and two sets of French doors.

The kitchen/dining/conservatory area is the hub of the home and is a fantastic area to socialise and entertain. The kitchen has been meticulously planned and hand crafted for living, relaxing and entertaining by world renowned Smallbone. The hand painted kitchen includes streamlined storage solutions. The central island unit boasts granite work tops and includes a 4-ring induction hob, ceiling extractor, two gas rings and a bar stool seating area. All of the kitchen appliances are by Gaggenau, and include two integrated self-cleaning ovens, two plate warmer draws, coffee machine, microwave oven grill and a double fridge/freezer, two wine fridges, and a dishwasher. There are four integrated pantries designed to keep clutter in the kitchen to a minimum along with a Quooker hot water tap and a filtered water tap. The conservatory area features impressive high vaulted ceilings filling the entire space with natural light whilst providing a delightful outlook and direct access over the gardens.

Returning to the hallway, there is an office with an outlook to the front of the property and an impressive cinema room, beyond which is a utility, separate WC. and a triple garage with electric doors. The garage and utility room both provide direct access to the garden and there is a useful 'gardeners WC' in the garage.

The property has been thoughtfully designed for modern living with a 'Control 4' smart home operating system, HIK Vision security cameras, integrated ceiling speakers, Cat 5 enabled and underfloor heating to the ground floor.

The staircase leads to the first floor where there is a spacious galleried landing overlooking the entrance hallway. The master bedroom suite is an impressive room with fabulous views over the garden from the Juliette balcony and a particularly generous en-suite bathroom. This bathroom has been designed by 'Dream Design' and includes Antonio Lupi bathroom furnishings including a double sink basin, freestanding bath, W.C, and a walk in rainfall shower.

There are a total of 7 bedrooms, two of which are currently used as 'his & hers' walk-in wardrobes which were designed by Dream Design. Bedroom two is located above the garage and offers a particularly flexible space which could become a self-contained apartment benefiting from the close proximity of the second staircase leading to the ground floor hallway and a second front door entrance.
