PROPERTY DESCRIPTION

Occupying a beautiful, semi-rural position in the hamlet of Low Mill, located between Beckermet and Egremont on the west Cumbrian coast, is this charming, three bedroom detached cottage.

Having been in the same ownership for many years and now requiring modernisation, the property is being presented for sale with no onward chain, and provides an exciting opportunity for the right purchaser to create a home styled to their own specification in truly delightful surroundings. Subject to the necessary planning permission being obtained there is also scope to extend the property. Perfectly suited to young families, being within catchment of excellent schools and employment centres. The property's position makes it equally suited to buyers looking to retire/relocate from towns and cities.

Accommodation briefly comprises entrance porch, hallway, lounge opening into kitchen/diner, utility room, conservatory and bathroom to the ground floor, with three well-proportioned bedrooms on the first floor.

Externally, the property occupies a generous plot providing off road parking for several cars, a newly built detached double garage, and a substantial lawned garden which extends down to a small stream.

Detached properties are rarely introduced to the open market in Low Mill, with this one offering fantastic scope to improve and add value. Viewing is strongly encouraged.
