## The Property

Finished in March 2020 the house has been carefully looked after and improved by the current owners and now offers exceptionally comfortable accommodation over two floors. The ground floor offers extensive open plan living with a superb living / dining room featuring a woodburning stove and bi-fold doors overlooking the terrace and garden. The kitchen features integrated Neff appliances and has been cleverly arranged so that it does not feel removed from living space while also providing a degree of separation if required. Also on the ground floor is a cloakroom with wc. An oak staircase rises to the first floor where there are three bedrooms on the first floor with the master bedroom overlooking the garden and features built in wardrobes and an en suite shower room.

The guest bedroom is also well proportioned with built in wardrobes and is adjacent to the family bathroom which provides both a bath as well as a separate shower along with a basin and wc. There is also a third bedroom, again with a built in wardrobe, accessed directly from the landing.

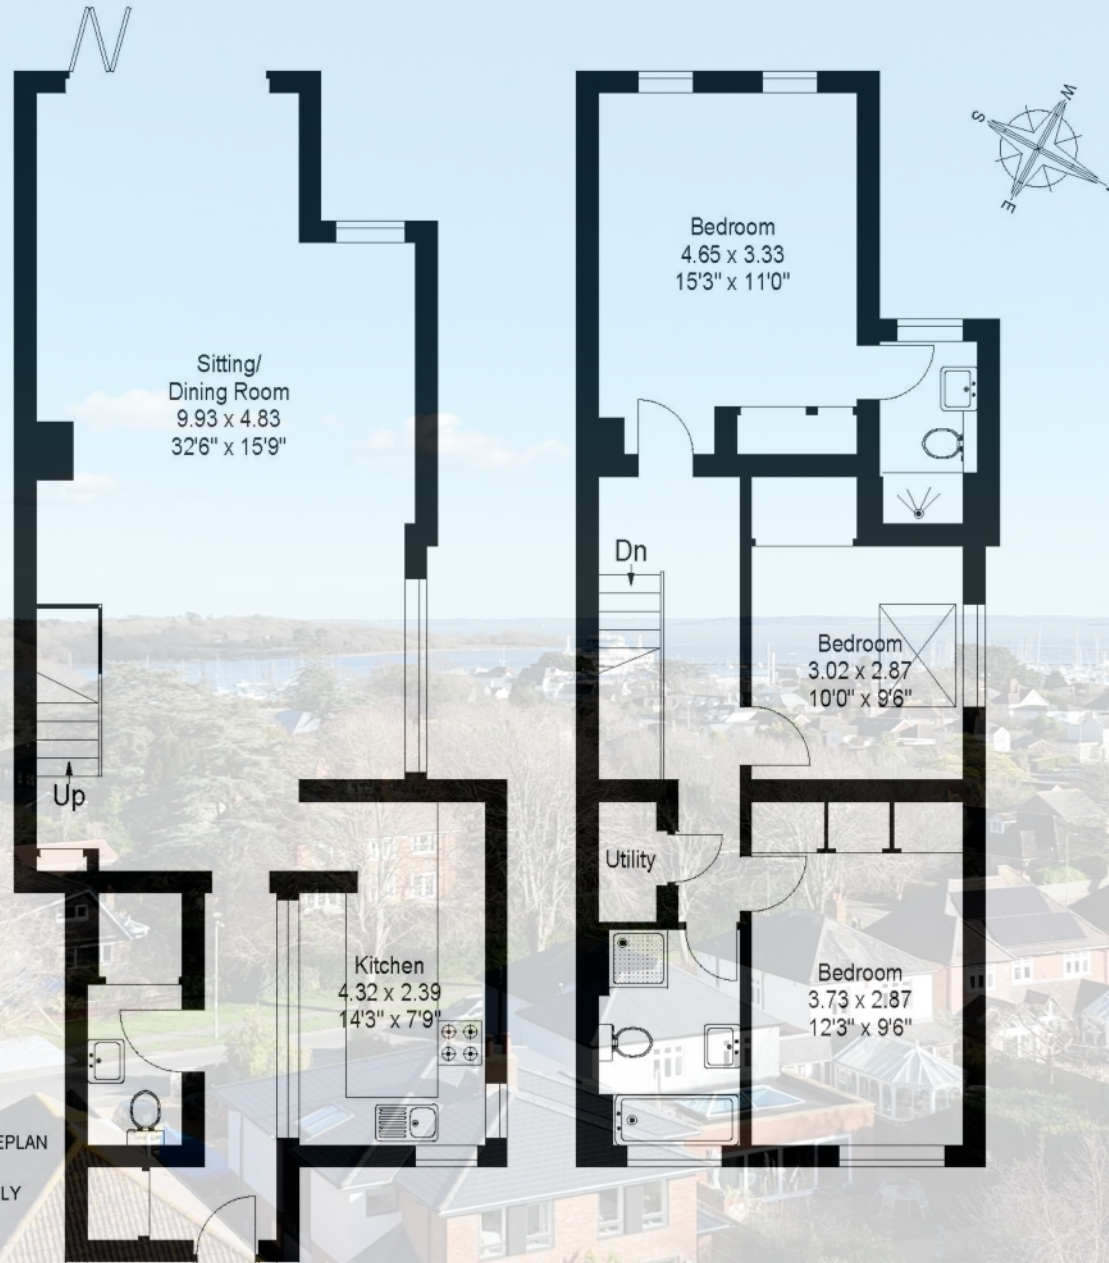

The house has an impressive 'B' energy efficiency rating and features underfloor heating throughout the

ground floor. There is also a Cat5 wiring system throughout the house to provide wired computer networking as well as via wifi. The hot water and central heating are fed by a pressurised system rather than a combi boiler.
