## GENERAL

The Glanyrafon Arms is exceptionally busy Welsh country pub being recently modernised by the owners and greatly respected within the local community and further afield.

The business enjoys a steady custom from the local community and the wider community as well as tourism customers. In recent times the property has been subject to a refurbishment program, particularly on the 1st floor with modern accommodation provided, useful for Airbnb, apartments to let out, managers accommodation with good prospects for financial return. More recently, since October 2023, turnover has exceeded £120,000 + VAT for that period. More recent investments in the bar and restaurant areas include Sky multiroom which has been set up with deals in place with Sky for discounted Sky options.
