Situation

Is it any wonder The Sunday Times described Folkestone as 'one of the best places to live in the UK'? This port town lies on the southern edge of the North Downs and has experienced significant regeneration in recent years, particularly in its Creative Quarter which has become a vibrant hub for artists, designers, and creative businesses. There are numerous independent shops, galleries, and cafes, making it a culturally rich destination for residents and visitors alike.

The town also benefits from excellent transport links, including the High-Speed Rail service that connects Folkestone to London St Pancras in around 53 minutes, making it an attractive location for commuters. Additionally, the proximity to the Channel Tunnel and the M20 motorway offers easy access to both continental Europe and other parts of the UK.

This mix of creativity, convenient amenities, and strong transport infrastructure makes Folkestone an appealing place to live and work.
