Property Description

Old Granary Cottage was originally a Cobb cottage which we understand dates back to the 19th Century. Over the course of the last century this particular property has been extended to create this sympathetic four bedroom home. The property is well positioned and within close distance to Wimborne Town Centre, local pubs, amenities and schools.

The accommodation comprises a bright entrance hall with access to the shower room and bathroom, family room with a feature fireplace, additionally the family room provides access to the garden room at the rear of the property. The kitchen has a dual aspect view of the front and rear garden and a variety of base and eye level units. There is also the added benefit of a separate dining room. Upstairs, there are four bedrooms and a variety of storage space.

The home sits in on a plot approaching 1/4 an acre and benefits from double glazed and oil fired heating. In the agents opinion, there is scope to extend the property (STPP)

Gardens and Grounds

The home sits sideways on to the lane with both front and rear gardens accessible via garden gates. The front garden is primarily planted to mature beds and a pathway leads to an area of parking suited to several vehicles and there are a variety of outbuildings and storage. This space would suit the development of garaging (STPP). The rear garden is split into two principal sections with the first being primarily laid to hard standing which spans the rear elevation of the home. A pathway and cover arch lead into an established garden which is well stocked and has privacy from the lane. There is a wood built garden room and the rear boundary affords views across adjoining farmland and beyond.
