The Property

A rare opportunity to acquire a uniquely positioned and well proportioned four bedroom family home on the popular St Marys Park development. Having been recently extended and modernised throughout to a high specification by the current owners creating a comfortable and modern family living space.

Ground Floor

Entering via the front door to a spacious entrance hall, which is open plan to the high specification kitchen, you are presented with a flexible and spacious family living arrangement. The kitchen was fitted in 2021 as part of a full programme of modifications, incorporating fully tiled flooring, modern cabinetry and a full suite of integrated kitchen appliances as well as a kitchen island at the centre, all finished with stone worktops and fully tiled splashbacks.

From the kitchen there is a door into the living/ dining/family room which is over 20ft long, with a wonderful set of concertina folding doors opening out onto a patio terrace in the garden. There is plenty of space for a large dining table and storage as well as a spacious sitting area.

First Floor

Upstairs from the kitchen there are four bedrooms and two bathrooms as well as access to the bonus room in part of the converted loft which serves as a wonderful study at present (access via folding timber steps/ladder).

The main bedroom offers a range of fitted wardrobes and leads on to a full tiled luxury en-suite bathroom with rainstorm shower - all put in as part of the modifications in 2021.

There are two further double bedrooms, both front aspect with views out to the adjacent woodland and one with fitted wardrobes. Bedroom four is a single room which looks out over the rear garden.

There is also a generous family bathroom which is fully tiled, with walk-in shower and separate bath and also has a good amount of storage.

There is also a bonus room in part of the loft which has been fully converted to use as a fantastic study/workspace, and benefits from a Velux window in the roof. This room is accessed via a fold down hatch with timber steps/ladder.

Outside

The rear garden has a paved area immediately off the main living space, meaning there is a seamless indoor/outdoor connection to be used in the summer once the doors are folded back. There

is also a raised area with planting beds which is covered with attractive shingle. Finally there is a summer house for storage or recreational use.

The front of the property looks out over an area of grass banks and a gravel footpath with woodland beyond. The footpath leads around the development and directly to the playing and dog walking fields within St Marys Park.

There are two areas of driveway parking which is block paved, one to the front for two vehicles and one to the side for another large or even two smaller cars.
