Energy performance certificate (EPC)			
2 Pulteney Road BATH BA2 4HD	Energy rating	Valid until:	18 November 2034
		Certificate number:	2120-8409-3140
Property type	Ν	/lid-terrace house	
Total floor area	2	55 square metres	

Rules on letting this property

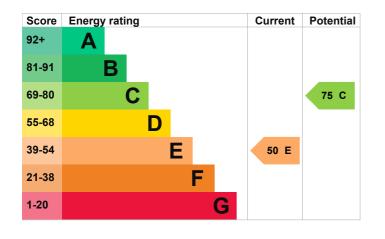

Properties can be let if they have an energy rating from A to E.

You can read guidance for landlords on the regulations and exemptions (https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energy-efficiency-standard-landlord-guidance).

Energy rating and score

This property's energy rating is E. It has the potential to be C.

<u>See how to improve this property's energy</u> <u>efficiency</u>.

The graph shows this property's current and potential energy rating.

Properties get a rating from A (best) to G (worst) and a score. The better the rating and score, the lower your energy bills are likely to be.

For properties in England and Wales:

the average energy rating is D the average energy score is 60

Breakdown of property's energy performance

Features in this property

Features get a rating from very good to very poor, based on how energy efficient they are. Ratings are not based on how well features work or their condition.

Assumed ratings are based on the property's age and type. They are used for features the assessor could not inspect.

Feature	Description	Rating
Wall	Sandstone or limestone, as built, no insulation (assumed)	Very poor
Roof	Pitched, no insulation (assumed)	Very poor
Roof	Roof room(s), insulated (assumed)	Very good
Window	Some double glazing	Poor
Main heating	Boiler and radiators, mains gas	Good
Main heating control	Programmer, TRVs and bypass	Average
Hot water	From main system, no cylinder thermostat	Average
Lighting	Low energy lighting in 62% of fixed outlets	Good
Floor	Solid, no insulation (assumed)	N/A
Secondary heating	Room heaters, smokeless fuel	N/A

Primary energy use

The primary energy use for this property per year is 290 kilowatt hours per square metre (kWh/m2).

Additional information

Additional information about this property:

• Stone walls present, not insulated

How this affects your energy bills

An average household would need to spend **£4,006 per year on heating, hot water and lighting** in this property. These costs usually make up the majority of your energy bills.

You could save £1,660 per year if you complete the suggested steps for improving this property's energy rating.

This is **based on average costs in 2024** when this EPC was created. People living at the property may use different amounts of energy for heating, hot water and lighting.

Heating this property

Estimated energy needed in this property is:

- 32,092 kWh per year for heating
- 3,850 kWh per year for hot water

Impact on the enviro	nment	This property produces	15.0 tonnes of CO2	
This property's environmental impact rating is F. It has the potential to be D.		This property's potential 7.8 tonnes of CO2 production		
Properties get a rating from A (best) to G (worst) on how much carbon dioxide (CO2) they produce each year.		You could improve this property's CO2 emissions by making the suggested changes. This will help to protect the environment.		
Carbon emissions		These ratings are based on average occupancy and ene	rgy use. People living at	
An average household produces	6 tonnes of CO2	the property may use different amounts of energy		

Steps you could take to save energy

Step	Typical installation cost	Typical yearly saving
1. Internal or external wall insulation	£4,000 - £14,000	£849
2. Low energy lighting	£95	£53
3. Condensing boiler	£2,200 - £3,000	£562
4. Replace single glazed windows with low-E double glazed windows	£3,300 - £6,500	£196
5. Solar photovoltaic panels	£3,500 - £5,500	£499

Help paying for energy saving improvements

You may be eligible for help with the cost of improvements:

- Insulation: Great British Insulation Scheme (www.gov.uk/apply-great-british-insulation-scheme)
- · Heat pumps and biomass boilers: Boiler Upgrade Scheme (www.gov.uk/apply-boiler-upgrade-scheme)
- Help from your energy supplier: Energy Company Obligation (www.gov.uk/energy-company-obligation)

Who to contact about this certificate

Contacting the assessor

If you're unhappy about your property's energy assessment or certificate, you can complain to the assessor who created it.

Assessor's name	Luke Sheppard
Telephone	(+44 (0)7919 593 003 🌙
Email	hello@roomcpm.com

Contacting the accreditation scheme

If you're still unhappy after contacting the assessor, you should contact the assessor's accreditation scheme.

Accreditation scheme	Quidos Limited	
Assessor's ID	QUID200120	
Telephone	(01225 667 570 🌙	
Email	info@quidos.co.uk	
About this assessment Assessor's declaration	No related party	
Date of assessment	14 November 2024	
Date of certificate	19 November 2024	
Type of assessment	RdSAP
