This well presented and extended family home benefits from a south facing rear garden that is bathed in sunshine all day during the summer. We love to open the downstairs area to the garden to create that Summer holiday feel. A versatile home. Many of the rooms have changed use over the years meeting the needs of a growing family. Currently, the rooms off the entrance hall, two bedrooms and a bathroom, are used for visiting family, however, they could easily be used as a bedroom, lounge and bathroom for a separate self contained area.
