Description

A beautifully presented three-bedroom semi-detached family home which has been much improved by the current owners. Offering generous and versatile living space both inside and out, this property is ideal for modern family life and truly must be viewed to be fully appreciated all the home has to offer.

On the ground floor, the property boasts a stunning and spacious open plan kitchen/dining room through to the living room. The kitchen is fitted with ample cabinetry, integrated appliances including a dishwasher and fridge/freezer, and a central island providing additional storage. The dining area enjoys natural light from the French doors, which open directly onto the garden, while the adjoining living space features a charming fireplace now home to a log burner, creating a warm and inviting atmosphere. Completing the ground floor is a practical utility area with space for a washing machine and cupboards for extra storage and beautiful, modern re-fitted family bathroom.

Upstairs, the accommodation comprises two well-proportioned double bedrooms and a generous third bedroom. The master bedroom benefits from built-in wardrobes along with a recess over the stairs that provides an ideal space for a dressing table or additional storage.

Externally, the property enjoys a generous rear garden extending to approximately 70ft. Mature and well established, it features vegetable patches, flower beds, and fruit trees, ideal for those with green fingers. To the rear the property is screened by trees adding to the overall privacy. To the front, there is a small frontage laid to lawn alongside a driveway providing off-road parking. The property also benefits from a garage, currently used for storage, which would require remedial work.

Furthermore, the property is conveniently positioned within the ever popular Market Town of Wantage, just a short walk from the town centre, local schools, and regular bus routes.

Material Information: The property is freehold, connected to mains water, electricity, gas and drainage. The property is heated via a new gas fired boiler replaced in October 2024 and there is uPVC double glazing throughout.
