Summerleaze Plot and Plot 2

Slugg Hill, Marshalls Elm Street, Somerset

BA16 OTY

Freehold Guide Prices: Lot 1 £400,000 & Lot 2 £350,000

Description

An exciting opportunity to acquire one of two building plots with consent for erection of two individually impressive detached four bedroom homes on the outskirts of Street within proximity to Millfield School campus.

Initial works on site have started and the plots have been defined and fenced, as well as construction of a bat shed on Plot 2 in accordance with the planning requirements.

Shared access will be taken via right of way leading off Slugg Hill with an obligation upon all users for shared maintenance.

Lot 1 – Summerleaze Plot

An opportunity to construct a superb detached four bedroom home with detached garage and set within a generous plot. The planning submission proposed a mix of local stone and white rendered block wall, pitched natural slate roof and aluminium or timber windows.

The development will require the demolition and replacement of the existing dwelling. Consent was granted February 2024, subject to conditions, under application number 2023/1947/FUL *to demolish existing dwelling and replace with 1 no. detached dwelling with detached garage.*

A restrictive covenant will prevent the ridge height being higher and prevent the footprint moving further north east from existing plans. There will be no restrictions on other directions or design.

Plot size of approximately 0.34 acres.

Lot 2 – Plot 2

A well designed detached four bedroom home with integral garage. The garage benefits a first floor storage space indicated on the plans, providing further 18sqm. The planning submission proposed a mix of natural local stone and timber cladding set under double roman clay tiles.

Consent was granted March 2025, subject to conditions, under application number 2024/1123/FUL for *Erection of 2no. 4 bed detached dwellings with integral garages.* To note, the Vendor is retaining Plot 1 as indicated on this submission.

A restrictive covenant will prevent the ridge height being higher and prevent the footprint moving further south and/or east from existing plans. There will be no restrictions on other directions or design.

Plot size of approximately 0.30 acres.

Planning Information

Situated within Somerset Council (former Mendip area) and planning information can be obtained via the planning portal. Or additional information is available from the selling agents. Interested parties must satisfy themselves with regard to any planning investigations, consent and conditions.

Method of Sale
