Property Description

This particular home sits on the westerly side of Oakley Hill. The ground floor accommodation comprises a formal living room that spans the entire front elevation of the home, a generous entrance hallway, fitted kitchen with breakfast area, study, purpose built garden room, cloakroom and utility. A return staircase with feature window leads the first floor where there are three bedrooms, of which two are doubles and a very generous family bathroom with his and hers sinks. The loft is accessible from a pull down ladder and has been re-enforced to create a versatile loft room with Velux windows and, in our opinion, there is scope to extend (STPP).

Gardens and Grounds

The front garden is entirely laid to a brick block paving which is suited to several vehicles, and this in turn leads up the left hand side of the house to provide access to the attached single garage, which has an electrically operated up and over style door. The front garden is bordered by mature hedging and there is pedestrian access to the right hand side of the property. The rear garden has a westerly orientation and is split into two principle areas. The first is laid to patio spanning the rear elevation of the home and in turn gives access to a kept lawn, which is encompassed by a variety of mature flower beds and borders.
