Grounds & Gardens

Double electric gates open onto the driveway and a wonderfully attractive vista featuring the symmetrical main body of the house with lawn gardens and planted borders to the foreground.

To the left-hand side, there is a parking area leading to the double garage and attached carport with rear door to a separate back room with stairs to the first floor as well as an individual external door. The room above the garage has Velux windows and would make an ideal annexe. A further newly built and secure boat store sits just off the garage ideal for outdoor activity equipment. The driveway then sweeps round to the right and elegantly round the garden curtilage to the main front entrance, where there is also additional parking for a few cars.

The magnificent gardens and grounds are a significant feature of this lovely home, being predominantly laid to lawn and apportioned into different areas of interest.

Adjoining and extending across the rear of the property is a large area of raised paved terrace providing a fantastic space for outdoor dining, whilst enjoying the views across the garden.

Steps down from here lead to a lower terrace to the rear of the orangery on one side with a beautiful timber framed covered seating area with doors from the orangery connecting the house to the outside perfectly. A pathway from the main patio extends all the way to the outbuildings at the rear of the plot. To one side of the pathway is the main area of lawn garden and to the other, a planted area with further sections of lawn and a stream with babbling brook that flanks and winds its way along the far side of the plot to the nearby ford.

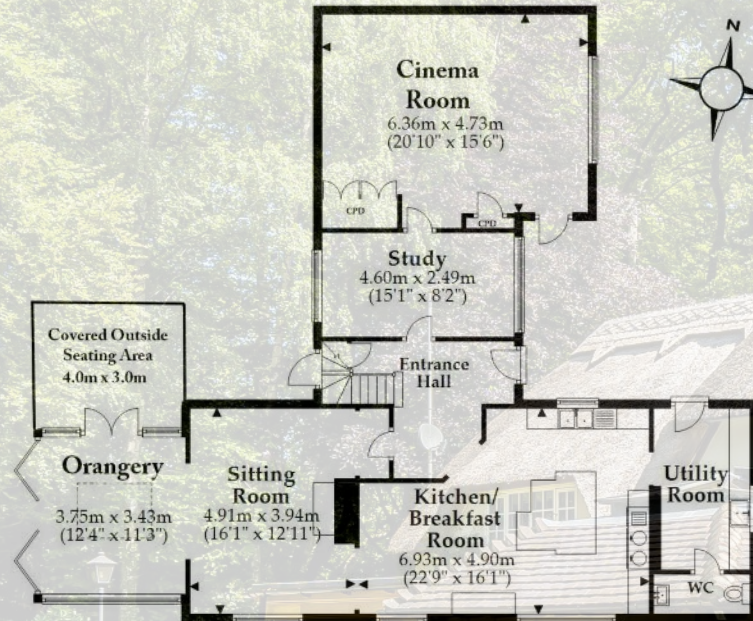

Beautifully planted beds incorporating numerous specimen plants and shrubs predominate throughout the grounds, with a charming wildlife garden area featuring in the elevated far corner of the plot.

In total, the gardens and grounds attributed to this glorious home extend to just under an acre.

Tucked down a maze of country lanes and surrounded by woodland, Minstead is a perfect forest location for an idyllic lifestyle

The Local Area

Minstead is a perfect village in miniature. Tucked down a maze of country lanes and surrounded by woodland, it is tranquil and unspoiled, yet surprisingly and accessibly close to junction one of the M27 at Cadnam.

For a small village it punches well above its size in terms of community and history. Overlooking its delightful green is a popular country inn, The Trusty Servant, which also houses the village shop that serves as a community hub. There's also a quirky parish church which is the resting place of Sir Arthur Conan Doyle, creator of Sherlock Holmes.

Nearby are what are thought to be two of the oldest oak trees in the forest as well as the Rufus Stone, marking the spot where King William II was shot by an arrow.
