Owner's View

Over the last 6 years we have enjoyed renovating our home, creating the comfortable and versatile family home that it is today. We've loved the opportunities the space has given us, especially creating our master bedroom suite, playroom for our daughter and home gym. The different garden zones have been great for entertaining friends and family with the added benefit of the heated swimming pool. For us the location has been perfect, with parks, playing fields, pubs, a post office and even a duck pond all within walking distance, in a lovely quiet village. It's also a great location for schools and nurseries.
