ACCOMMODATION:

The property is accessed principally via the front entrance, which is sheltered by a canopy and opens into a reception hall at the centre of the accommodation. From here, stairs rise to the first floor and doors lead off to all living spaces as well as a downstairs cloakroom, with flush WC and wash basin. The light and airy well-proportioned living room features two front facing windows providing plenty of natural light as well as a traditional style fireplace with coal-effect electric fire. An archway to one corner of the room leads through to the separate dining area, past a useful fitted cupboard beneath the stairs providing welcome storage space. This second reception room at the rear of the property features sliding double glazed doors opening to the garden and offers excellent formal dining space, or an office/play room as required. Another internal door opens through to the kitchen/breakfast room, which does provide space for informal dining and features a range of matching wall and base units with roll edge work surfaces and tiled splash backs, one and a half bowl drainer sink with mixer tap and integral gas hob with extractor over and separate eye level ovens. Space is provided for additional freestanding appliances.

To the first floor, from the spacious landing you will find loft access, over stairs airing cupboard with fitted shelving and doors opening to three bedrooms and the family bathroom. The bathroom has been well-maintained and features a three-piece white suite including flush WC, pedestal wash basin and bath with mixer tap and shower attachment over. The three bedrooms comprise a generous single room which could accommodate a small double bed if required, and two further comfortable double bedrooms. The principal room incorporates a large, fitted wardrobe with shelving and hanging space and access to its own en-suite shower room. The rear bedrooms enjoy a pleasant aspect towards open countryside.

OUTSIDE:

The property boasts an attractive frontage and is situated on the corner of the cul-de-sac with low maintenance gardens laid mainly to stone

chippings, planted with an array of hardy and mature shrubs, bushes and perennials. A driveway provides parking, as well as giving access via the up and over door into the garage. The rear garden meanwhile, is a generous size providing a family friendly space enclosed by combination of stone walling and close board fencing to all sides. Also featuring a level lawn for recreation space, two patio areas to capture sunshine at various times of day and a range of well-maintained shrub borders. You will find an additional pedestrian access door into the back of the garage from here.
