DESCRIPTION

The cottage's crisp, painted stone elevations and part-thatched roof create a picture-perfect façade that blends seamlessly with its historic surroundings. Inside, the property has been thoughtfully restored, offering elegant and comfortable accommodation arranged across three floors. The ground floor features a generous kitchen and dining area beneath the thatch, forming a warm and inviting hub of the home. The principal reception room, complete with a Jetmaster log-burning stove, opens into a bright sunroom with bi-folding doors that lead out to a tranquil terrace beside the brook, an idyllic spot for morning coffee or evening relaxation.

On the first floor is a versatile single bedroom or study and a well-appointed bathroom. The upper level is particularly charming, nestled beneath the eaves with exposed beams and gentle sloping ceilings that create a cosy and intimate feel. There are two beautifully presented double bedrooms on this floor, both offering delightful views over the rooftops of the village, while the principal bedroom enjoys a particularly enchanting outlook across the brook towards the Castle. The soft natural light, characterful timberwork and the sense of calm on this level make it an idyllic retreat.

Beehive Cottage is not listed but lies within Nunney's Conservation Area. The property has been comprehensively updated, creating a home that is as practical as it is charming. The thatched section of roof, limited to the kitchen, is in excellent order, with no rethatch required until at least 2041 (estimated cost £5,000) and routine maintenance every five to six years (approximately £1,200). The property has not been

affected by flooding since the 1960s.
