The Home:

Available to the market with no onward chain and located within a very popular address just off Stocks Park Drive.

The property has been extended to the rear which has laterally been used as two large double bedrooms but also provides excellent scope for the layout to be reconfigured for the living space to be moved which would embrace the rear facing views. This change is an increasingly common process within homes of this design.

The sellers inform us that the property is Freehold.

Council Tax Band D - £2,177.12
