

The image shows a bright, clean interior space, likely a kitchen and living area. On the left, there are white upper kitchen cabinets and a countertop with a sink and a four-burner gas stove. A window with a white frame is in the center, looking out onto a brick building. To the right, there are two white doors and a white boiler mounted on the wall. A small wooden shelf is attached to the wall below the boiler. The floor is covered in a grey carpet. The ceiling has a long fluorescent light fixture and a smoke detector.
