

Stonebond.

Welcome to THE APPELYARD

The Appleyard is a contemporary new development in the rural village of Flitton, surrounded by the beautiful Bedfordshire countryside.

Our exclusive range of three to five bedroom houses nestles within the village and offers a perfect blend of country life and modern living. These are high quality, energy-efficient properties designed with you in mind.

In tune with
MODERN LIVING

THE APPLEYARD

02 - 03

Q&A with **PETER WILLIAMS, MANAGING DIRECTOR**

What was the design inspiration for The Appleyard?

Our homes are inspired by traditional English styles. From the Georgian-inspired large picture windows which allow light to flood into the homes to the classic shiplap cladding, the development truly blends with its rural setting.

How does the development protect the existing biodiversity in the area?

The development incorporates hundreds of new plants and trees across a variety of green spaces. These spaces are designed to encourage a diversity of habitats, enabling plant and animal species to prosper.

How does the development contribute to the local area?

The development will make a substantial financial contribution towards local educational needs and outdoor sports facilities. We are also proudly working with Settle to offer 12 affordable homes on the development, with priority being given to local people.

Meet THE TEAM

“
We are delighted to be bringing this fantastic community of energy-efficient new homes to the market.
”

The curation of these three, four and five bedroom homes will take pride of place in the charming village of Flitton, with each exhibiting a high specification as standard.

We look forward to welcoming visitors into the show home to see for themselves the stunning collection of homes we have on offer. Our highly trained Sales Consultants will be delighted to show you around and guide you through the process of buying your new home.

Annette Cole
Sales and Marketing Director

“
We always like to feel a sense of pride handing over a new home.
”

Neil White
Assistant Site Manager

Ricky Pearce
Project Manager

We are extremely proud of the homes we are creating here at The Appleyard. It's really important that every one of our customers feel really happy with their new property. We look forward to the day of handover, to see how pleased our new residents are with the finished Stonebond product.

We understand and appreciate that this is a huge milestone and we always like to feel a sense of pride handing over a new home – and that's absolutely what we strive to achieve.

Embracing LOCAL LIFE

The Appleyard is conveniently situated in Flitton, one of Bedfordshire's most sought-after village locations. The village offers easy commuting via rail or road.

The village is highly regarded for its excellent Primary School and offers a choice of local pubs/restaurants.

The village shop and post office adequately serve the general day-to-day needs of most households, with many other amenities within easy driving distance.

The historic village of Flitton

THE HEART of Flitton

Join us on a journey through Flitton to meet some of the incredible people that make this beautiful village a truly special place to live.

From horse riding to your local pub, these businesses are well established and would love to welcome you to the community.

THE LITTLE RANCH RIDING SCHOOL

Talking with Eleanor Butler
and Natasha Smith

The Little Ranch has been running since 2014. It is a friendly family-run riding school, passionate about creating positive experiences and making memories for all ages.

Our horses help to build confidence and enrich lives by promoting well-being, learning new skills, and escaping from daily routine. Working here is special to us as we get the opportunity to work with horses which we are very passionate about.

We enjoy the feeling that we are away from the hustle and bustle of the town without being too far from amenities.

Flitton is a friendly, diverse, and thriving community. The area combines a countryside feeling whilst not being too far from amenities and transport links. It is a great opportunity to have a healthy work-life balance with lots of activities locally for all ages.

“
Our horses help
to build confidence
and enrich lives.
”

THE WHITE HART, FLITTON

Talking with Nathan Campbell

The White Hart, a thriving country pub, is Flitton's go-to eatery and event venue.

Located just across from Flitton's village church and the historic De Gray Mausoleum, The White Hart is situated perfectly for both visitors and locals to stop by.

We can provide a facility to host and cater for any setting from professional business meetings to beautiful weddings, or a quick drink to a full evening dinner. No matter the objective, our small but friendly and dedicated team will take pride in providing a first-class experience.

Flitton is a much sought-after location where everyone is involved in keeping the area safe, friendly, and welcoming to visitors and locals. Its excellent transport links will provide easy access to the capital, airports, and beyond. Who wouldn't want to live in such a beautiful location with such convenience on your doorstep?

”

NO. 14, AMPTHILL

Talking with Jo Barber

No. 14 is a two-storey, lifestyle store selling leading brands mixed with products rarely found on the High Street. The store is open seven days a week and we offer the warmest of welcomes.

“
I especially treasure
the feel of the town
that feels like no other.
”

I have worked in the area for twelve years since opening No. 14 in 2011. I especially treasure the feel of the town, mix of shops, and the vibrant community spirit that feels like no other. My customers have even become my friends!

It's a town and community that looks out for each other and shops local. Many people from Flitton and beyond so generously give their time and ideas to make it a great place to live, work, and visit.

Some of the local events include summer concerts with headline acts and a fantastic switch-on event for the town's Christmas lights.

THE MILLBROOK GOLF CLUB

Talking with
Rob Brightman

THE APPELYARD

Built in 1979, The Millbrook Golf Club is a friendly members' golf club with an emphasis on being the best in the area.

I've been here 17 years and working here is particularly special to me; I'm just ten minutes from home, I bring my dogs to work with me, my office looks out over beautiful woodland to Millbrook Church, the community is small but diverse and the people are lovely.

Our elevated position on the Greensand Ridge means we can offer year-round playability and are blessed with unrivalled views.

If you're just moving to the area, I say to really take the time to explore the local villages as there are some beautiful areas that offer something for everyone.

Designed AROUND YOU

At The Appleyard, you'll find a living area that fits your lifestyle, with flexible living over two or three floors.

Whichever home you choose, you'll find it infused with natural light with some rooms enjoying dual aspect outlooks.

The kitchens at The Appleyard are designed to be as ergonomic as they are a pleasure to be in.

You'll find matt lacquered units, as well as complementing worktops, upstands, and toughened glass splashbacks.

The palette is contemporary and sophisticated to reflect a modern lifestyle.

The homes feature underfloor heating to the ground floor and master bedrooms in all properties come with built-in wardrobes.

Every home also features a programmable touchpad WiFi thermostat designed to work smartly and sustainably.

BUILDING for life

THE APPEYARD

Stylish fitted kitchens have been designed with quality and ease of use in mind to truly make this the heart of your home.

All appliances are integrated, with quality names such as Bosch, with soft close drawers and doors, stylish work surfaces, and luxury Amtico flooring.

Creating homes built for life.

Beautifully crafted BATHROOMS

Contemporary style meets well-designed spaces.

With bathrooms and en suites featuring fixtures and fittings from respected premium British and global brands – Hansgrohe, Vado, and Vitra – everything is beautifully framed with Porcelanosa tiling and Amtico flooring.

You'll find strong design and a cohesive look right down to

the finer details such as the chrome corner edging to the tiles or the complementary colour of the grouting.

From the heated towel rails in all bathrooms and en suites, to the white contemporary sanitaryware and clever storage, this is the perfect space for the children's bath time or a well-earned soak.

Work-life

BALANCE

The recent change to our work-life balance has led to greater flexibility in the working week and more options for working from home.

A selection of homes at The Appleyard includes a dedicated study, ideal for those who work for themselves or for a business which supports agile working.

For homes that don't include a dedicated office environment, every home has been designed with ample space and versatile rooms perfect for being transformed for work, dining, relaxing or entertaining. Each home will also have fibre for superfast broadband.

Attention to DETAIL

The STONEBOND DIFFERENCE

At Stonebond, we are dedicated to delivering new premium homes and enhancing the communities they're built in.

Established in 1975, our homes have set the standard for housebuilding and we've mastered the art of place-making, crafting aspirational homes with expertise and passion. And that's why at Stonebond, we have a 5 star HBF rating.

We create destinations where you'll look forward to coming home for years to come. Our sustainable communities are built for living.

Our experienced team works together to ensure that you are satisfied and happy with your home from the day of reservation to your moving in day and beyond. We find the home that works for you, tailored to your specific needs and lifestyle.

But creating inspirational homes is just part of the story. A commitment to customer service and to safeguarding the environment is also what makes up what we call, the Stonebond difference.

THE APPLE YARD

We build homes that we would want to live in.

It's the rule we follow when creating new homes. And we believe homes are made together.

It may sound obvious, but delivering this requires a committed company that takes pride in creating homes of the future, is agile, and works collaboratively with strong personal relationships which put the customer first.

And that's exactly what we have at Stonebond: a group of highly experienced individuals who are passionate about creating homes that both we and our owners love.

Building a community.

We take pride in our approach to community engagement and ensuring we are fully inclusive. Hosting consultations, workshops, visits, and exhibitions enables us to engage with local people to help bring our bespoke, sustainable communities to life.

A mark of true integrity.

Buying a new home is a life-changing decision, but it doesn't have to be a daunting one. At Stonebond, we'll be with you every step of the way to help make your experience of buying with us a smooth one. We believe that good customer service starts with building long-lasting relationships, which means, even after you have received your keys, we will be here when you need us.

Our commitment to SUSTAINABILITY

At an early stage of construction, we sought to identify opportunities to source local labour suppliers.

We also monitor and actively encourage our suppliers to utilise government-backed apprenticeship schemes to provide people with valuable skillsets whilst working on-site.

And when it comes to the homes themselves, these feature advanced systems. From highly energy-efficient boilers to kitchens equipped with efficient appliances, it all adds up to reduced energy consumption and bills, saving you an average of £3,100 compared to a secondhand property.*

The Appleyard sustainability highlights:

£465,000

Local schools contribution

£13,500

Local recreation and outdoor sports facilities contribution

12

New affordable homes

Additional efforts within the development include:

- Access to public footpath through the development
- Bird and bat boxes installed on-site
- Reptile log pile
- Enhanced wildlife habitats around attenuation pond
- Promoted biodiversity net gain
- Hedgehog highways

*According to HBF analysis of EPC data, based on the April 2023 EPG increase. Figures taken from HBF: Watt a Save report.
