DESCRIPTION

Pound Cottage is a beautiful home which is believed to date back to the mid-1600s. This wonderful home offers three double bedrooms and a stunning landscaped rear garden which the owners have taken great pride in finishing. Viewings are highly recommended.

You enter through the front door into a spacious and welcoming entrance hall which gives access to all the downstairs living space and a set of stairs lead to the first-floor accommodation. Just off the hallway you have a downstairs W.C.

To the right-hand side of the hallway, you have the living room, which is generous in size, has plenty of natural light thanks to the two sash windows and the current owners have kept some original touches, such as the working log burner. There is space for a family sized dining table and chairs. At the rear of the living room, you have a good-sized snug, which is currently being used as an office but could easily be turned into a playroom or even a downstairs bedroom if required.

To the left-hand side of the home, you are greeted by the kitchen/diner. The kitchen has a range of base units, space for a Rangemaster oven, space for another dining table and a set of bi-fold doors leading out onto to the beautiful rear garden.

On the first floor, you are greeted by a good-sized landing that will give you access to all three bedrooms, the main bedroom is found on the left-hand side and has the added benefit of the en-suite bathroom. The second bedroom is generous in size and is currently being used as an office but could easily be changed back into a bedroom, this room also has the added benefit of built-in storage. The third bedroom is found on the right-hand side of the property and is a good size with charming features, such as the original fireplace. The family bathroom is a good size and has a fitted three-piece suite.

OUTSIDE

The garden is mainly laid to lawn, however there is a section immediately to the rear of the property which has been laid to patio, this is the perfect spot for al-fresco dining or entertaining with family or friends. There are a wide variety of shrubs and trees, a wide variety of flowers along the borders, a number of raised beds- an ideal spot for growing fruit and vegetables. At the very end of the garden, there is a fire pit, and this creates a great spot to enjoy the longer evenings. There is a shed and greenhouse. To the front is a good-sized garden with a path leading to the front door. There is also a detached garage and carport with parking for a number of cars, including an EV charging point.
