Mine Entry

✕   Adit
✕   Gutter Pit
✕   Shaft

The Coal Authority has records of over 175,000 mine entries within the UK captured in the National Coal Mining database, derived from sources including abandonment plans, geological and topographical plans.

Coal mining activity is recorded as far back as the 13th century, but prior to 1872 there was no requirement to deposit abandonment plans. It is therefore believed there may be many unrecorded mine entries of which the Authority has no information or knowledge. These entries do not, therefore, appear within the Authority's national dataset as shown on this map.

Maps
Rail Noise

This map displays the noise levels from nearby network rail and HS1 railway routes that affect this property...
Rail Noise Data

This data indicates the level of noise according to the strategic noise mapping of rail sources within areas with a population of at least 100,000 people (agglomerations) and along Network Rail and HS1 traffic routes.

The data indicates the annual average noise levels for the 16-hour period between 0700 - 2300.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

5	75.0+ dB	■
4	70.0-74.9 dB	■
3	65.0-69.9 dB	■
2	60.0-64.9 dB	■
1	55.0-59.9 dB	■

Environment
Radon Gas

What is Radon?

Radon is a natural radioactive gas, which enters buildings from the ground. Exposure to high concentrations increases the risk of lung cancer. The UK Health Security Agency (UKHSA) recommends that radon levels should be reduced in homes where the annual average is at or above 200 becquerels per cubic metre (200 Bq/m3).

Testimonials

Testimonial 1

Waymark property provided us with an excellent service and were very accommodating for a second viewing at the house we have just purchased. Throughout the whole process, all Waymark staff helped us genuinely and courteously with every question we had. This made the whole process so much less stressful and even managed to get us in the house just before Christmas, bonus!

Testimonial 2

We would like to say that right from the initial valuation the team at Waymark remained professional and friendly. They keep in constant contact giving instant feedback after viewings which were all accompanied and arranged without any inconvenience to us. Their persistance in chasing the solicitors in the chain ensured we were confident that everything was being done to move to exchange as quickly as possible. Thank you Waymark!

Testimonial 3

We would like to thank all at Waymark for your prompt and professional service regarding the sale of our property in Uffington. We would have no reservation in recommending your services.
