DEVELOPER INFO

"We like to make things happen – using NEW IDEAS to help communities evolve and adapt for the future. Maia represents our 100th new home, created with all the same passion as the first development twenty years ago. We have taken the consent granted to the previous owner to replace their early 20th Century family house and focused on the finer details to provide the next generation with nine apartments that reflect their 21st Century style and aspirations. We are hoping to bring our relaxed SOBO beach style from previous developments to form a new community close to the heart of Ashley Cross, which we love to visit whether on the train, by car or cycling along the prom across our beautiful conurbation."
