NEW FOREST

An immaculately presented two double bedroom semi-detached Victorian cottage with views and forest access from the garden. Offered to the market with granted planning permission for a third bedroom and first floor bathroom with a custom built home office which also serves as a delightful garden room. Available with no onward chain.

The Property

A solid wood front door leads you in from a gated side entrance into the entrance hall with stairs leading up to the first floor. Just off the hallway to the front of the property is a bright and airy living room comprising a feature fireplace with a newly fitted wood burner and double-glazed bay windows. A further reception room leads off the hallway which is currently used as a dining room and opening in turn into a well-designed kitchen with utility area and an immaculately presented bathroom at the rear of the property. Doors from the utility room lead out onto the garden and a further garden room which offers great accommodation for a home office with full heating, electrics and French doors giving a great view over the garden.

The stairwell leads up to a small landing area, set either side of which are two double bedrooms. Both bedrooms feature elevated views, one to the front and the other to the rear, across the garden. Further benefits of this property is the planning permission that has already been granted to allow for a double storey extension, if someone so wishes to create more living space (further details can be supplied).
