AT A GLANCE...

Collington is an increasingly popular area of west Bexhill and is home to this substantial 1930s detached house. An abundance of character and charm is combined with a versatile layout and a south-facing garden. It consists of two floors of accommodation and includes; An enclosed entrance hall opening into the entrance hall. There is a dual aspect living room with a feature gas fireplace at the front of the property. The kitchen features matching wall & base units with space for appliances and a door into a separate utility room. There are two additional reception rooms, one with doors leading into the conservatory with views over the rear garden. Another measures over 31ft with a shower room adjacent which, in our opinion, could be used as annexe accommodation if required. On the first floor the spacious landing leads to a large dual aspect master suite that includes a double bedroom, an ensuite shower room and a dressing room. There are four further bedrooms, a bathroom and access to the large insulated and part-boarded loft space. Furthermore, the house benefits from gas central heating via a boiler that has been fitted approximately five years ago and is the house is double glazed. We highly recommend viewing this property as soon as possible to fully appreciate its location, size, and
