St David's at 119A Kinghorne Road offers an unparalleled fusion of historical charm and modern comfort. This Category B-listed Victorian Gothic sandstone church has been artfully transformed into just eight luxury apartments (seven two-bedroom and one one-bedroom, most with home office spaces too!), each showcasing quality contemporary design within its grand heritage walls.

# *Living in a landmark*

historical building

# *Spectacular views*

Perched on the slopes of Dundee Law and commanding sweeping views of the city and River Tay, St David's marries the grandeur of the past with the conveniences of today. It's a rare opportunity to own a piece of Dundee's history, beautifully reimagined for 21st-century living.

All the properties benefit from lots of natural light, with the first and second-floor homes further boasting grand views that stretch from Invergowrie Bay, over the Fife hills, out to Broughty Ferry and the North Sea beyond. These views will also be appreciated from the second-floor bedrooms through landscape windows located above the lounge areas – after all, inspired homes deserve an equally inspiring outlook.

# A seamless blend

of heritage architecture &  
contemporary interior design

Inside, period features and modern luxury intertwine seamlessly. Ornate stone arches and lofty ceilings reflect the church's ecclesiastical heritage, while brand-new interiors incorporate high-end kitchens and sleek contemporary bathrooms. Sunlight pours through restored Gothic windows, illuminating bright open-plan living areas. Each home is uniquely crafted to highlight original architectural details, creating an atmosphere of timeless elegance with all the comforts of a new build.
