PROPERTY DESCRIPTION

RARE 5 BEDROOM DETACHED HOME IN LITTLE HARWOOD Located in the heart of Little Harwood, this extended detached home would make an incredible family home given the vast amount of internal accommodation on offer. Little Harwood is a highly sought after area due to the tight knit community, well regarded schools, places of worship and shops all on your doorstep so we expect high interest from the outset.

As you enter the property through the front door, you are greeted by the spacious porch, ideal for storage, shoes and coats. Through the porch, you are then into a large open hallway hosting the stairs and taking you into the separate lounge with space for plenty of seating. Continuing through the hallway, you enter a larger reception space and then into an open dining area. The downstairs has so much versatility given the four reception spaces on offer which could all be used for living rooms, dining rooms, downstairs bedroom, offices, play rooms or prayer rooms, not to mention the potential to reconfigure the downstairs to suit your own needs. A separate kitchen is located adjacent to two of the reception rooms which provides countless options again to suit your own needs, whether this be a kitchen upgrade or opening up the rooms to create a large open family room. Completing the downstairs is a wet room, ideal for elderly relatives or for those looking to have a bedroom downstairs. As the plumbing is all in place, there is the potential to convert this to a traditional WC or utility room.

As you head upstairs, there is a landing which provides access to each of the five bedrooms, stairs to the attic room and family bathroom. Four of the five bedrooms are large doubles with potential to host double beds, wardrobes and all your bedroom furniture requirements. If this wasn't enough, there is an additional fifth bedroom which would be an ideal office, dressing room or even has the potential to service the master bedroom as an en-suite. Upstairs again and to the attic room there is enough room to stand up giving the options to use this space as a dressing room, office, lounge or additional storage. The versatility upstairs as well as downstairs is outstanding which is what makes the property so unique.

Externally, there is driveway parking to the front, with a small garden to enhance the curb-appeal to this family home. The rear can be accessed down the side and has been concreted to make perfectly low maintenance. A triple garage sits to the left hand side of the property which is brimming with potential. Power, lighting and water are all found in the garage making it an ideal storage space, utility or workshop.
