Leasehold (to be confirmed)

Spacious two bedroom flat | Potential to renovate | Established residential area | Gas central heating | Popular market town | External storage shed | No onward chain

Description

A deceptively spacious first floor flat, requiring a degree of modernisation, situated in an established residential location to the northwest of the town centre of Abingdon.

Approached through a communal entrance way, stairs lead up to the first floor where the property is located. The front door of the flat leads into a central hall, off which to the right is a bedroom, and beyond is the sitting room, which is of a generous size and has windows on dual aspects. There is a larger second bedroom to the rear of the flat. The kitchen is fitted with a range of floor and wall mounted units and a family bathroom completes the flat.

Externally there is ample unrestricted on-street parking to the front and side, and to the rear of the property is a useful lockable storage shed.

The property is available by way of a new 990 year lease and there will be a service charge payable in the order of £63.28 per month. The property does require a degree of modernisation, but benefits from mains water, electricity, sewerage and gas and is heated centrally via a gas fired boiler.

The property is available with no onward chain.

Location
