Owner's View

We've loved making this house our family home and have cherished the many happy years we've spent here. It's a warm and welcoming place, set on a lovely street where neighbours have become friends and there's a real sense of community. The house has given us space to grow, celebrate, and make countless memories, and we know it will be just as special for the next family who moves in. Over the years, we've also converted the garage, adding heating, lighting, a separate W/C, and a sink. It's currently used as a gym and office space, making it a really versatile area for work or relaxation.
