The Rhos, Haverfordwest, Pembrokeshire, SA62 4AS

Guide Price Of £699,950 | Freehold | EPC: C

"We have always loved Pembrokeshire and when searching for a home for our retirement, we were fortunate to discover "The Barns". At the time, the development was undergoing a careful and considered renovation by well-known local builders PBAS of Llandeilo, a process that began in 2012. Formerly the farm and outbuildings serving Picton Castle, significant care and expertise were required to secure planning permission and sensitively restore the buildings.

The stone exterior and the craftsmanship involved in reinstating the original arches are exceptional. Our barn was originally the coach house to the castle, with the hayloft above—reflected in the slatted detailing to some of the windows—while the sun lounge and boot room formed part of the original sawmill. Having such character externally, paired with the benefits of a modern, well-insulated interior, has been a real pleasure. The house feels warm, light and airy, yet equally cosy and ideal for family gatherings. We have introduced our own distinctive interior design throughout, including upgraded bathroom and en-suite accommodation, resulting in a modern and inviting finish that we hope future owners will appreciate as much as we have.

Our barn was among the last to be completed and occupies a west-facing position within the development, enjoying long hours of sunshine and memorable sunsets. We purchased the property in 2015 but, due to ongoing work and family commitments, were not initially able to move in full time. Instead, we chose to operate the barn as a holiday let, which proved extremely successful for six years, with many guests returning year after year, drawn by both the location and the quality of the accommodation.

The grounds extend to almost two acres, largely comprising paddock and woodland. When we first took ownership, this land had been untouched for many years and was heavily overgrown. With limited time between holiday seasons, and working closely with the Tree Preservation Officer, we gradually restored the paddock and woodland, bringing them back to life and creating a space we could truly enjoy. Since moving here permanently, we have thoroughly enjoyed living in the barn.

The Rhos is a small hamlet with a strong sense of community. Over the past two years, we have hosted Easter egg hunts across the woodland and paddock, something that has become particularly special as more young families have moved into the area. Last year, seventeen children took part, and it was wonderful to see them enjoying the space so freely.

The village hall is very active, with a range of regular groups including TRADA (The Rhos and District Association), bowls, WI, knit & natter and quilting, alongside well-supported annual events such as the marmalade show, horticultural show and christmas carols.

It has been a privilege to live in this beautiful barn and to be part of such a welcoming and vibrant local community. We will be genuinely sad to leave."
