PROPERTY DESCRIPTION

We are incredibly pleased to have been chosen by the current owners to market this lovely individually constructed detached property. The property was originally constructed for a discerning local builder for his own occupation, it has remained in the same ownership since its construction. The property was constructed in the early 1990's and it is immediately apparent that it was constructed with a real eye for design and attention to detail. The property currently provides spacious family sized accommodation throughout, it also obviously has clear onward potential for further extension if required to create a truly special home. As previously stated that the property is also now being offered for sale for the very first time since it's construction.

The property is approached from the small cul de sac of Bosmeor Close via a curving driveway that affords the property a great degree of privacy. The property provides spacious family sized accommodation in a lovely private setting at the head of this popular and sought after cul de sac. As you enter the property you are initially greeted by a spacious entrance hallway, this hallway setting the tone for the rest of the property. The two principal reception rooms comprise a dual aspect living room and a separate dining room. The living room has the benefit of doors that open to the garden whilst the dining room is both spacious and light and enjoys views out over the garden. There is a fully fitted kitchen with appliances along with a fitted utility room. The ground floor also provides a ground floor w.c and integral access to the double garage.

The first floor provides four unusually spacious bedrooms, the two larger of these bedrooms both enjoy far reaching views to Falmouth bay, Pendennis Castle and St Anthony's lighthouse. The main bedroom also benefits from a spacious en-suite shower room/w.c. There are two further bedrooms, both of these rooms being double sized bedrooms whilst there is also a modern fitted four piece bathroom and shower room.

The property also benefits from double glazing and gas central heating.

Externally there are gardens to three sides and a driveway that provides parking for multiple vehicles, this parking area being an ideal space for the parking of a boat, caravan or motorhome.

A truly rare opportunity at this time. A viewing is very highly advised.

Gardens

The main area of garden sits to the far side of the property and due to this it enjoys a great deal of privacy. This 'main' garden area features a broad paved terrace that lies to the rear of the living room and dining room. This paved terrace enjoys a majority of the days sunshine whilst having views over the garden to the surrounding area towards Falmouth bay. The majority of the garden is laid to level lawn with maturing shrubs to the boundaries, to one side of this level lawned garden there is a raised bed with stone waling that has been planted with a wide majority of shrubs bushed and plants set within. Access can then be gained around either side of the property, in one direction to the driveway and the other to the rear of the property. The rear of the property is enclosed by timber fencing and is planted with shrubs within the beds, access is then gained around the property back to the driveway. At the far side of the property there is a timber garden shed that would make a very useful workshop space if required.
