With versatile accommodation that includes a generous lounge, dining room (currently used as a fifth bedroom), and a bright solid-roof conservatory complete with WC and utility area, this property offers superb flexibility. Upstairs are four bedrooms arranged over two floors. Outside, a large rear garden features various outbuildings, while the front driveway provides ample parking—including space for a large berth caravan.

INSIDE THE PROPERTY

Upon entering the property, you're greeted by a welcoming porch—ideal for hanging coats and storing shoes—before stepping into a central lobby that leads into a generously proportioned living room. This inviting space comfortably accommodates a three-piece suite and centres around a charming brick-built fireplace with inset log burner, creating a cosy focal point. Double doors open into a superb conservatory, which benefits from a solid roof replacement to provide year-round usability. With ample room for a dining table, a convenient downstairs WC, and a separate utility area for laundry appliances, this room also enjoys lovely garden views—making it an ideal setting for both relaxation and entertaining. Flowing from here, the kitchen is smartly arranged with white wall and base units, space for undercounter appliances, and a range-style cooker with hob and extractor above. A cleverly concealed understairs cupboard provides a useful recess for the fridge freezer and additional storage. Completing the ground floor layout is a versatile dining room positioned to the front of the property, currently used as a fifth bedroom—adding flexibility for larger households or multi-functional living.

UPSTAIRS

Stairs rise to a thoughtfully reconfigured first-floor landing, which now includes a practical airing cupboard housing the boiler and provides access to all rooms, along with stairs to the converted loft. The principal bedroom enjoys a front-facing aspect and comfortably accommodates a double bed with additional furniture. Directly opposite, the fully tiled family bathroom offers both a deep panelled bath with hand-held shower attachment and a separate corner shower cubicle—alongside a stylish countertop basin, WC, and generous integrated storage. Bedroom Two, located to the rear, enjoys garden views and is currently laid out as a single room with fitted wardrobes and drawers, but could easily accommodate a double bed. Bedroom Three is positioned at the front and offers excellent space for a single layout with freestanding furniture. From the landing, stairs lead to a superb fourth bedroom formed from a loft extension. With sloped ceilings adding character, this generous room features a rear-facing dormer window offering elevated rooftop views. Cleverly divided around the staircase, the layout includes space for a bed and wardrobes on one side, and a comfortable sitting or guest area on the other—ideal for a teenager's retreat, home office, or a private guest suite.

OUTSIDE

The property is set back from the road and approached via a generously sized driveway, offering ample parking for multiple vehicles. The current owners comfortably house a large berth caravan to one side, with space remaining for several additional cars—ideal for families or visitors. A side gate provides easy access to the rear garden, ensuring practicality and convenience. Stretching to over 90 feet in length, the rear garden is a true asset to the home—securely fenced for children and pets, and thoughtfully landscaped to cater to both play and relaxation. Designed with young families in mind, the current vendors have installed an impressive adventure play apparatus, complete with swing and tree house set on a safe mulch surface, all of which will remain. An adjoining timber playhouse has been cleverly adapted to connect with a metal dog kennel, creating a unique and enclosed space for family pets. Closest to the house, a substantial timber shed is equipped with power and lighting, offering excellent storage or hobby space. Behind this lies a dedicated growing area, enclosed and thoughtfully laid out with a greenhouse and raised sleeper beds—perfect for keen gardeners.
