

Oakwood Estates is thrilled to introduce this charming four-bedroom detached townhouse, meticulously constructed in 2008 by Linden Homes. Nestled on Benjamin Lane, this unique property is among the select few detached residences in the area and boasts the added advantage of occupying the serene cul-de-sac's culminating position. This ensures a remarkably peaceful living environment. The property further showcases a west-facing rear garden, perfect for savouring picturesque sunsets.

Upon entering the property, you step into the entrance hallway, where a staircase ascends to the first floor, and various doors lead to different areas. Here, you'll find the kitchen, dining room, reception room, and a convenient WC. The WC includes a low-level WC and a handwash basin. The reception room, measuring a spacious 19'3" x 11', is well-illuminated with pendant lighting and features a bay window overlooking the front aspect, as well as additional windows and French doors that provide views of the garden. Wooden flooring graces the space, and there's ample room for a three-piece suite. Adjacent to the reception room is the dining room, size 9'10" x 6'9", which boasts pendant lighting and a front-facing window. This area accommodates a dining table and chairs and features wooden flooring. The kitchen, measuring 9'11" x 9'10", is equipped with spotlighting and a window overlooking the parking area. It includes a combination of wall-mounted and base shaker units, an integrated oven, a gas hob with an extractor fan above, a stainless steel sink with a drainer and mixer tap, space for a washing machine, an integrated dishwasher, and room for an American-style fridge freezer. Tiled flooring completes this functional space.

Heading up to the first floor, you'll find bedroom two, an expansive room measuring 17'1" x 11'. It offers views from a front-facing window and a Juliet balcony overlooking the rear garden. Wooden flooring enhances the room's appeal. Bedroom three, sized at 9'10" x 9'2", features pendant lighting, a front-facing window, and ample space for a double bed. It also boasts wooden flooring. Bedroom four, measuring 9'11" x 7'5", includes pendant lighting, a window overlooking the parking area, and space for a double bed. Wooden flooring complements the room's design. The family bathroom is illuminated by spotlights and features a front-facing window. It contains a bath with a shower attachment, a low-level WC, and a handwash basin.

Ascending to the second floor, you'll discover the pinnacle bedroom, an impressive space measuring 17'6" x 17'1". Pendant lighting illuminates the room, which offers a window with garden views and ample space for a king-size bed. Wooden flooring continues in this room. Completing this level, the shower room includes a walk-in shower, a low-level WC, and a handwash basin.
