Grounds & Gardens

The property is located off a private track and accessed via large electric gates which open onto a gravel driveway with turning circle and an additional parking area set to the side with a double brick built open garage. Set off the turning circle is a double garage.

Extending across the rear elevation of the property is a paved sun terrace enjoying a lovely southerly aspect and direct views across the gardens and paddocks.

The rear garden enjoys a lovely southerly aspect and is mainly laid to lawn, interspersed with beautiful specimen plants and mature trees. The garden wraps around to the side of the property to a wonderful little haven where a beautiful weeping willow tree and a barbeque/seating area form around a swimming pool to create a perfect space for entertaining or relaxation with the benefit of a rather lovely shepherds hut.

Set to the rear of the gardens there are two paddocks which benefit from a water supply and separate access to the road and bridle way. The eastern boundary of the grounds adjoins and offers magnificent far reaching views across Setley enclosure and the new forest.

To the front aspect is a large field flanked by established tree and hedge borders providing an attractive focal point and offering options for various usages.

In total, the stunning and completely private grounds extend to approximately 7 acres and are surrounded all sides by open forest.

We understand the property also benefits from forest rights and is available with no onward chain.
