

120 Main Street, Cumbria

£80,000

This rather generous corner terrace home has a commercial history and so as you might expect is generous in size. Occupying a prominent position the accommodation includes a large hallway, double aspect living/dining room, a large ground floor bedroom with adjoining wet room which could easily become a kitchen with shower room/utility, two double bedrooms to the first floor, a first floor living room and kitchen which could make an en-suite bedroom if the ground floor is reconfigured, plus a first floor family bathroom. There is also a courtyard garden to the rear. As you can see, this property has potential to be reconfigured to suit various family needs and so must be on your list to view!
