The French doors lead out to the patio area.

HEAD ON UP

A bright and airy landing, the principal bedroom is far larger than average whereby an en-suite could easily be added. Spanning the width of the home and the room offers large fitted wardrobes with sliding mirrored doors, there is a dressing area also. Bedrooms Two and three both face the rear aspect. The bathroom is again a great size and could easily be re configured to add in a shower. This room would be an ideal extension to the main landing to provide access to future bedrooms should a buyer wish to extend to the side.

TOUR THE GROUNDS

The westerly facing garden is a real wow factor of the home, mostly laid to lawn and not overlooked, the borders are well stocked with mature plants and shrubbery, there is a patio area for AL-fresco dining also. A pathway to the side of the conservatory leads to a secret garden and the front. A handy lean to which spans the rear of the garage offers handy covered storage for bikes and could easily be converted into a workshop or incorporated into the main residence for additional utility space. There is also gated access to the front.

WHAT THE FAMILY SAY

Mum & Dad loved this house & garden, and were very happy here. They especially loved watching the birds in the garden - from the conservatory. Having lived here for nearly 40 years they made many friends within the group of local neighbours & the local church community. Who always kept an eye on each other and the houses on a day to day basis, and especially when they went away on holiday. Dad, especially, liked to walk to & from the village every day, and the selection of local shops was a bonus. We hope whoever lives here next, is just as happy.
