Grounds & Gardens

The property can be accessed via two lanes/roads; access from Hightown Hill is via a 5 bar electric gate to a gravel drive. The other access, from Milky Down Lane, is through tall wooden gates that lead to a further parking area and to the timber framed double garage with power, light and roof storage. The mature gardens are a real feature of the property, having been beautifully landscaped; comprising of expanses of lawn, with well stocked flower and shrub beds and mature hedging providing a good degree of seclusion. The grounds amount to approximately one acre.

The Situation

The property is situated in a semi-rural location within the New Forest National Park, offering thousands of acres of natural heath and woodland, ideal for walking, cycling and horse riding. Within walking distance is a great local country pub/restaurant, with a local farm shop and Ringwood schools within easy reach. Ringwood is approximately two miles distant, offering a comprehensive range of shops and facilities. This old market town is positioned on the edge of the New Forest, yet is just ten minutes drive to the coast, with easy access to the A31/M27 to Southampton and Winchester and the A338 to Bournemouth. It is an increasingly popular destination for home hunters; the old cattle market has been transformed into a stylish shopping quarter with names such as Hobbs, Joules, Waitrose and Waterstones and a programme of events that includes live music and farmers' markets. The adjacent high street has retained its character, with a traditional weekly market and a selection of independents, an artisan bakery and a variety of decent eateries. Families are attracted by the sense of community and highly regarded secondary school (its sixth form provision rated 'outstanding' by Ofsted).
