GENERAL

An ideal opportunity for those wishing to live in a beautiful part of West Wales but at the same time, potential for making a comfortable living.

Presently the cafe and tea rooms are closed due to ill health. Previously were only opening during the summer months. The letting accommodation does lend itself for a variety of purposes either to enlarge the current proprietors accommodation or provide multi-generational living. Recent improvements have included installation of 2 new bathrooms. We are advised by the owners that turnover can be in the region of £70,000.00 on a good year, but due to Covid, coupled with ill health the recent trading figures have been lower.
