The property presents an attractive red brick façade beneath a tiled roof, approached via a block-paved driveway providing excellent off-road parking. The frontage features an integral garage with a woodgrain-effect up-and-over door, complemented throughout by quality uPVC double-glazed windows finished in an appealing golden oak effect.

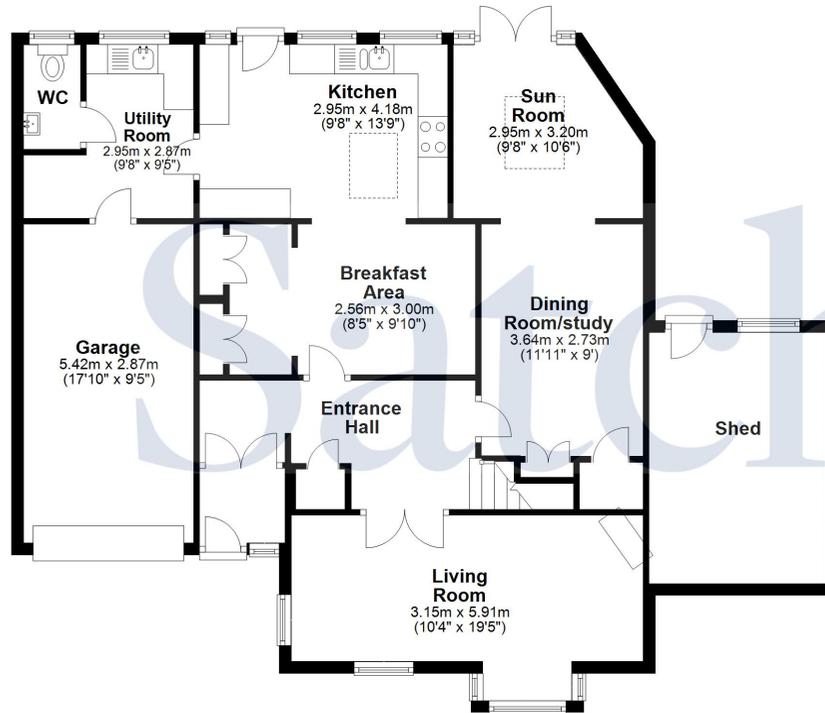

To the rear, the property truly excels with its beautifully maintained and thoughtfully designed garden. The outdoor space is arranged over two levels, with a generous paved patio area immediately adjoining the property, perfect for entertaining and al fresco dining. This hard-standing area features attractive brick-built raised planters with integrated lighting, adding both structure and ambience to the space.

Beyond the patio, a well-maintained lawn extends the full width of the garden, bordered by mature hedging and timber panel fencing, ensuring excellent privacy. The garden benefits from a good degree of seclusion and is well-stocked with established trees and shrubs, creating a pleasant outlook. A useful timber garden shed provides additional storage.

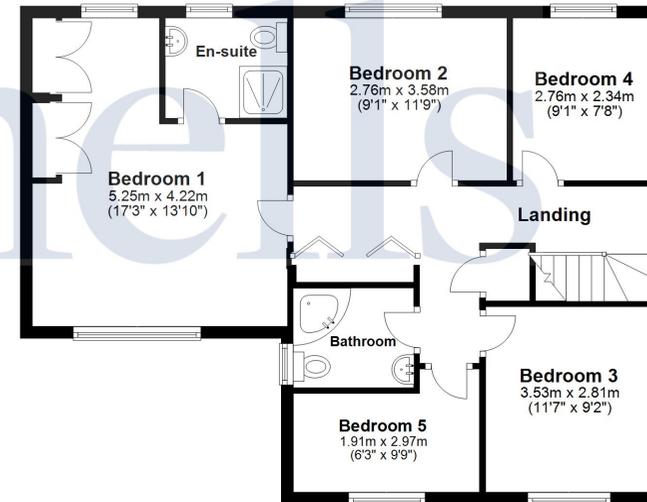

The rear elevation showcases attractive brickwork detailing and benefits from multiple sets of golden oak-effect French doors and windows, flooding the interior with natural light whilst providing seamless access to the garden. External wall-mounted lighting enhances the usability of the outdoor space during evening hours.
