The property is accessed via a wooden picket gate that leads to a gravel driveway situated at the end of the garden plot and leads to a double garage. Small stepping stones lead from the parking area across the garden and towards the side patio, giving access to the kitchen/conservatory as well as the sitting room via the French doors.

The garden, which is mainly laid to lawn and bordered by a variety of trees, plants and shrubs, leads all the way up to the house and sweeps around the front, providing an element of tranquillity. The property and garden are flanked by fencing and hedging all around with a small picket gate leading from the lane up to the front door.

Two stables and garden house/store sit to the rear of the garden alongside a useful summer house.

The property benefits from a paddock, amounting to approximately 1.1 acres, which benefits from a field shelter and water supply – the paddock is ideally situated opposite the property with a five bar gate situated at the top of the paddock, ideal for vehicular access and a pedestrian gate opposite the driveway for convenient day to day access.

The Situation

Newtown Farm House is positioned in a rather idyllic location within Minstead, deep in the heart of the New Forest National Park. This sought after village benefits from a superb community spirit and provides day to day amenities including a village shop/tea room, public house, village hall and church. Although occupying a particularly peaceful location, Newtown Farm House is conveniently positioned within easy reach of the open forest, ideal for those looking to explore the New Forest National Park by foot or equally for equestrians, with a short ride through quiet country lanes before reaching thousands of acres of stunning hacking routes.

The Local Area

Minstead is a perfect village in miniature. Tucked down a maze of country lanes and surrounded by woodland, it is tranquil and unspoiled, yet surprisingly and accessibly close to junction one of the M27 at Cadnam. For a small village it punches well above its size in terms of community and history. Overlooking its delightful green is a popular country inn, The Trusty Servant Inn, and a village shop and cafe tea room that serves as a community hub. There's also a quirky parish church which is the resting place of Sir Arthur Conan Doyle, creator of Sherlock Holmes. Nearby are what are thought to be two of the oldest oak trees in the Forest as well as the Rufus Stone, marking the spot where King William II was shot by an arrow.
