#### Description

Welcome to Puzzle House, a brilliant family house on the outskirts of Minchinhampton at Hampton Fields. This a super location - close enough to the historic market town to benefit from the shops, amenities and the well regarded primary school, but with enough space and privacy for family life, unlike so many of the cheek-by-jowl town centre properties. The current owners have made the house their happy home for 10 years, and have made many improvements during that time. The resulting accommodation is well planned and spacious, with the flexible living space arranged over two floors. This is a welcoming, vibrant home, full of colour and interesting design touches. A glazed entrance hall is at the front of the property, with plenty of room for everyone's coats and boots. This leads into the entrance lobby, with a galleried landing and parquet flooring. The wooden block floor runs through into the sitting room. This large living area measures 25' and has a feature wood burning stove and three windows to two aspects. The kitchen is at the rear of the original house, with the dining room extension beyond this. These two rooms connect, making for an inclusive kitchen/family space, and the hub of the home. Three bedrooms and a bathroom are also on the floor, with the smallest of these bedrooms currently used as a study. A staircase leads up from the hall to the first floor. A landing, two more bedrooms and another bathroom are on this level, with some 2000 sq.ft. of living space on offer in total.

#### Outside

The property sits in a good level plot of 0.36 acres. This includes a large gravelled gated drive, a detached garage and a large garden. You approach the house through a five bar gate. There is space to park at least six cars, with the garage beyond. This is detached, with an up and over door, power and light and small workshop area. A level area of garden is set to the side of the drive, with this space edged with established borders with a variety of planting. The owners have recently made some first rate improvements to the garden. A fence separates the front and the rear areas, with a gate leading through to the larger rear plot. There is a well kept level lawn here, with a dry stone wall boundary with a great outlook over the neighbouring field. A large patio space is found behind the house, set around an established magnolia tree - the perfect spot for entertaining and relaxing. A gravelled area is beyond this with a timber built summer house in the corner of the garden. Established trees and planting are found around the garden, which is every bit as spacious and interesting as the interior of the house.
