- Allocated parking for one car
- One bedroom
- Two storage cupboards
- Bathroom with shower over

Information

Sheep-ford, now known as Shefford, is a busy market community with the friendliness of a village, located on the Hertfordshire/Bedfordshire boundary. It's origin stems from various sheep crossings, and the shepherds tracks took on the appearance of primitive roads, eventually creating a trading centre. The right to hold a market was granted in the 13th century and still remains today, every Friday morning.
