## Outside

### Front:

The property has a wide frontage with gates leading to the **driveway** which provides generous off-road parking and in turn leads to a single garage, with space next to it ideal for creating further parking or even to build a further garage (STPP). There is a generous area of secluded front garden which is predominantly laid to lawn and is fully enclosed by mature shrubs and fencing with steps down from the front porch

**The rear garden** is a superb feature of the property as it offers an excellent degree of seclusion and measures approximately 145' in length. Adjoining the rear of the property there is a concrete hard standing/patio, together with a generous lawned area, well stocked flower beds, mature plants, trees and shrubs.

A path continues down to the far end of the garden which adjoins woodland, this area of the garden is more natural and a fantastic spot to relax and enjoy this peaceful and delightful setting or for children to play and explore.

**Single garage** has double wooden doors, light and power and internal door leading through into the rear lobby, where there is a large pantry/store. The garage would lend itself nicely to be converted and added to the kitchen to form a wonderful lifestyle kitchen/day room (STPP)
